Written by: Caterina Gabanella

Directed by: Caterina Gabanella

A full list of credits for cast and crew is available on the movie website (www.testacroce.com) and on the related IMDb entry.

Possible further developments:

Full Feature Film: a script for a full feature film has been designed and it can be developed with the appropriate partner. The full feature would expand on the same storyline as the short film, but add the following elements:

- More exploration of the emotional “son/father” journey
- More events happening to the protagonists
- Further exploration of dynamics and view of other characters

New projects: JC Bits Productions is planning other project with Caterina Gabanella as both writer and director. These projects include both features films and short. We are open to collaborations on these or other ventures.

Q&A with Caterina Gabanella (Writer and Director)

Q: How did you come up with the idea for the film?

Caterina: The film is inspired by a true life story of a friend of mine. From that hint, I thought it would be interesting to explore more and in a broader sense the impact of destiny and family on our lives.

Q: You are a well known actress, how did you enjoy the transition to writing and directing

Caterina: I absolutely loved it. My experience as an actress has taught to adapt to the creating vision of the authors. This time I could shape from the very beginning, as well as during shooting and editing, my very own vision

Q: What did you like the most about the experience:

Caterina: working with such a talented group of actors and – by the way – also outstanding human beings. And having an actor like Paolo Rossi on set added a new dimension of quality to the project.

Q: What did you learn during the production of Testa o Croce?

Caterina: That I wish to continue with more writing and directing, without abandoning my acting career though.

Q: What is next on the horizon for you?

Caterina: Besides the release of Testa o Croce, I have other film projects I am involved in as an actress. More importantly, I am starting pre-production on another film I wrote and will direct. Again in collaboration with JC Bits Productions... and this time I might also act in it
